

G.B.F.C.A Refund Policy

Dear Members,

Throughout previous seasons, the GB F-Class Association had a refund policy in place which we feel has created a balance between being fair to our valued customers while also preventing the possibility of putting the Association in a predicament where it could potentially run any of its league events at a financial loss from competitors that pull out of competitions prior to their start date.

So far this has been a well oiled system but as of late, we've had a few occasions which have challenged this policy so we feel it only right to remind our league members of this policy and make sure we remain transparent from here on in.

We appreciate that unforeseen circumstances happen and it's unlikely that everyone will make it to a competition they have entered. However, the following conditions for entry refunds apply:-

1/ Applications for a refund submitted on or before 23:59hrs on the Sunday prior to a Competition weekend, will receive their full entry minus any card transaction fees. This payment will be sent back to the card that paid for the entry.

2/ Any applications for a refund submitted after 00:00hrs on the Monday of the competition weekend will be declined.

As we pay for our range bookings and duties needed ahead of each competition, this policy ensures we can keep our heads above water and deal with any amount of "No Shows" without effecting the running of a competition.

Thanks for your understanding on this matter.

Kind Regards,
Richie Jones
G.B.F.C.A Chairman
